Continuation She t (PTO-303)

Note: Continuation of 7: The Amendment of 21 October 2002 introduces new issues that would require further search and consideration. The issues that would require further search and consideration are the limitations that the non-black material is an encapsulating material/protective encapsulating material (claim 1/claim 3) and that the material is epoxy (claim 6). Such newly added limitations would necessiate a new search and further consideration.

Claims 1-10, 12-23, and 25 remain rejected as set forth in the Flnal Office Action (see paper no. 7).
